F2F

Meeting

Invitation

PRA
GUE

Dear members of eHealth Action,

We are pleased to invite you to the joint Face-to-Face meeting of Working Group WG 5 **Innovative Use of Health data** and WG 7 **Overcoming implementation challenges** that will take place from September 11th to 13th, 2019 in the Conference Centre Hotel ILF, Prague, Czech Republic.

Participation is free and open to anyone with an interest in the topics.

In the first part of the meeting we will discuss the results of a data protection in the health care survey made by WP7.2 **Best practices and approaches on data protection at national level**. The Czech team will present data gathered from our partners as well as the structure of a D7.2 Report on Best practices and approaches on data protection at national level. The aim of the meeting is to discuss the data protection in healthcare topics, to share member states approach to General Data Protection Regulation (GDPR) in the healthcare and prepare together a valuable report for eHealth Network.

In the second part of the meeting we will discuss the topic of the WP5.1 **Mapping, awareness raising, and policy relevant actions on innovative use of big data in health**. The overall objective of WP5 is to support the application of good practices in Member States (MS) and provide guidance at European Union (EU) level on handling big data in health within the existing EU regulatory framework, on secondary use of personal health data, and consequently to ease the uptake of innovative usage of data across the healthcare sector for the benefits of society, individuals and performance of MS health systems.

Please let us know your availability to participate in this workshop, by filling and submitting the following online form.
